Purpose: IRC is constituted to provide academic ambience and atmosphere in the Institution to encourage students, interns, residents and faculty to inculcate the culture of research and stimulate them to publish their work in peer reviewed journals.

Objectives: Aim to establish Dr.Pinnamaneni SIMS as an academic centre of excellence in the field of medical, clinical and translational research.

Roles and Responsibilities:

- a) Will discuss at length about the different levels of Research Work done in the institution.
- b) Will promote research and publications among Faculty, Undergraduate, Postgraduate and Superspeciality students.
- c) Will facilitate and encourage UG students for ICMR STS, Dr.NTRUHS STS projects, platform and poster presentations in Medical students conferences.
- d) Will facilitate and monitor the dissertations, platform and poster presentations of Postgraduate residents and Superspeciality residents.
- e) Create an academic ambience, encourage translational research between clinicians and scientists. Encourage more publications in peer reviewed journals.
- f) Will conduct regular workshops for faculty and residents on research and publications.

Agenda:

1. IRC will meet at least once in three months.
2. Will review the progress of ongoing research project.
3. Discussion and review of events since last meeting.
4. Planning for the events and activities for the future.
5. Any other matter with the permission of the Chair.

Records to be maintained:

1. Convener is responsible for preparing the minutes of the meeting.
2. Attendance sheets of the meeting.
3. Records shall be maintained for a period of 5 years.

Terms of office:

The committee will be appointed for a period of two year. The members of the committee shall hold office for a period of two years from date of constitution.
