Sub: Report of school health camp at Jawahar Navodaya Vidyalaya, Veleru

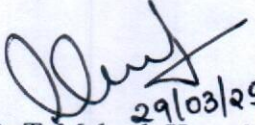

Respected sir,

On 27th March 2025, Department of Community Medicine RHC Veleru, in coordination with Departments of Dermatology, OBGY, Ophthalmology and Dentistry conducted a school health camp among classes of 6th to 9th standard and 11th standard at Jawahar Navodaya Vidyalaya, Veleru.

Faculty from Department of Community Medicine, Dermatology, OBGY, Ophthalmology and Dentistry attended school health camp.

Total 260 children were assessed. Out of those 38 children were having dermatological infections like scabies, 35 children were having refractive errors and dental caries among 42 children and 28 children were having Gynaecological problems. Department of Community Medicine provided awareness about health education and Menstrual hygiene.

Thanking you,
